

12th April 2024

Income Tax 2023

As you know, on the 3rd of April, the Renta 2023 income tax declaration opened. As in previous years, SITCPLA has secured a favourable agreement for our members with one particular agency and the details are as follows:

Gestoría Murillo

C/ Abtao 5 - Oficina 5 B-C

28007 Madrid

Ph: 91 433 72 85

Email: alvaro.murillo@gestoriamurillo.com

SITCPLA European Commission

This week SITCPLA's Board of Directors intervened in the Petitions Committee of the European Parliament in which they requested that our profession (cabin crew) be considered "arduous" and that we should enjoy an early retirement with full pension.

Our petition is still open and the Commission has been asked Spain to do what is necessary and come back to the Parliament with an answer.

You can see the intervention by clicking [here](#)

PMI Parking

We are aware of the problem with the closure of Parking G and at the last meeting of the Works Council we agreed to ask the company to talk to AENA to try to find a solution as this could lead to delays in operations.

We ask that if you encounter problems finding a place to park and this results in making you late for your report, please report it to the management and let us know so we can add strength to our argument to find an urgent solution.

Sickness BCN

If any of you have been off sick during the month of February, please let us know so that we can check for possible errors in your payroll. We have seen problems previously in February due to 28/29 day months and raised it numerous times with the payroll department. We are curious to see if they have resolved the issue this year as promised.

Wishing you a good weekend,

SITCPLA Reps
